Open Forum:

Eddie – We need to do something to make area service more attractive to other members. We are all here because of our love for the fellowship and our desire to give back

Seth – The old webservant turned over the website, but he surprised me and totally shut it down. I have been working on it and it is up and running at this time. I had to find a server for our website and went ahead and found a server and bought the base line minimum package to keep our site up and running I submitted a receipt for that for \$107 for the year. The email address attached to the website is now sharkcoastwebservant@gmail.com
